

**3772-11-19 Handling-Proving chips.**

(A) A dealer shall "prove chips" when opening or closing a table, filling or crediting a table, or exchanging chips for a patron by displaying and counting the chips in full view of either of the following:

(1A) Surveillance and a table games supervisor either the pit manager or a licensed employee in a higher position; or

(2B) Surveillance and the affected patron.

(B) Proving chips shall include the dealer placing the chips on the table game layout, separating the chips into equal stacks, and displaying each of the chips from one of the stacks individually to show the exact count of chips in that stack.
