

3772-19-01 Minimum surveillance requirements.

~~(A) Each casino operator must comply with the minimum surveillance requirements as approved by the commission. The casino surveillance system shall be in place to assist the casino operator and the commission in safeguarding assets, in deterring, detecting and prosecuting criminal acts, and in maintaining public confidence and trust,~~

~~(BA) Each casino operator shall install, maintain and operate in the casino facility a surveillance system in accordance with the specifications of this rulechapter and as approved by the commissionexecutive director. ~~The surveillance system shall provide access and override access to the commission.~~~~

~~(C)B~~ At any time and without notice, the casino surveillance system, and its component parts, shall be subject to audit or other testing by the commission.

~~(D) Upon good cause shown, the commission may, at its discretion, grant a waiver from compliance with any surveillance requirement. All requests for waivers must be in writing and state the reasons for the request and the alternative measures that the casino operator will undertake to accomplish the objectives of the surveillance requirements. The casino operator must comply with the surveillance requirements approved by the commission while the request for waiver is pending. The commission may impose additional terms or requirements as a condition of granting a waiver.~~
