

3772-11-35 Table game pit areas and supervision.

(A) Pit areas may be on multiple levels or locations within a casino facility. Pit areas shall be described by casino operators in their internal controls at a minimum by their locations, configurations, and restrictions on access as approved by the commission.

(B) Each casino operator shall maintain staffing of table games supervisors or similar positions as approved by the executive director.

(C) The table games supervisors and the oversight of their assigned table games and pit operations shall be directly supervised by either a table games manager or casino shift manager.

(D) The casino shift manager shall assign table games managers specific responsibilities regarding activities associated with specific tables.

(E) Each full-size baccarat table shall be in a separate room or area as approved by the executive director or executive director's designee.

~~(F) Poker games in which the dealer does not play a hand and a rake is collected shall be played only in a separate room or area as approved by the executive director or executive director's designee.~~

~~(G) Each poker room shall be under the general control of a poker room manager and the direct oversight of at least one poker room supervisor at all times. Poker room supervisors shall be solely dedicated to supervising poker room personnel and all activities within the poker room when the poker room is opening, in operation, or closing at the end of the gaming day.~~
