

3772-11-34 Table game layouts.

(A) All table game layouts shall ~~be consistent with the casino operator's internal controls and~~ meet the following requirements:

(A1) Markings on the layout shall be of a size that can be adequately seen by ~~the~~ surveillance;

(B2) The odds of winnings and payouts shall be included in markings on the layout when required by the executive director;

(C3) The designs shall not contain any feature that tends to create a distraction from the game;

(D4) All other components of the game on the layout shall be of a size that can be adequately seen by surveillance; and

(E5) A colored depiction of the table shall be submitted to the executive director for approval before being placed into play.

~~(B) Table game layouts shall be stored in a secure area when not in use.~~

~~(C) Table game layouts that are not being used to conduct casino gaming or stored in a secure area shall be destroyed and removed from the casino facility after destruction, unless otherwise approved by the commission.~~
